

LOCAL MONITORING

**BEST TIME TO PROCURE:
PRIOR TO MED START**

\$500

A program that contains the costs for Donors and Gestational Carriers away from the home clinic during the IVF cycle. The Local Monitoring service achieves time savings by streamlining the appointments and processing.

Assistance in choosing a convenient, Local Monitoring clinic location for the GC, reducing her time away from work and family

Relieves the time commitment and eases the stress for all parties involved, allowing the GC to focus on her own health and well-being

Dedicated Coordinators handle all communication to the local clinic, Donor, and GC to inform them of the process

Alleviates the requirement to put credit cards on file with providers: deposit and enrollment fee is paid directly to ART Risk partner, NES Assurance

Online portal for all parties to monitor payment of bills and claims status 24/7 and keep in communication with Coordinators

YOUR PARTNER:

Partnered with NES Assurance, together we have over 35 years expertise, knowledge, and networking capabilities in the ART community.
