POLICY VALIDATION

**BEST TIME TO PROCURE:
PRE-MATCH**

Completing a professional Policy Validation provides Intended Parents clear understanding about the policies intended to be used for each stage of the surrogacy journey. This allows for no surprises or open risks, and provides confirmation the policy will meet its intended purpose.

*ART Risk will determine if the following policy types may be done as a Policy Document Only Review (no phone call to the insurance company needed): Individual, Small Group, or Large Group policies if the plan has previously been vetted. For Union, Board of Trustees, Trust Fund, Third Party Administrators, or unverified ASO plans, ART Risk Solutions' standard practice will continue to include a phone call to the insurance carrier to validate and verify all information.
