POLICY LANGUAGE

SILENT or GOOD - The quote provided is based on your Gestational Carrier's specific information. All insurance choices are found to be safe for the use of surrogacy.

LIEN - The quotes provided carry some risk due to lien/right to reimbursement language. The attached language is found in the Evidence of Coverage. We encourage you to read this and to discuss the implications with me (your Dedicated Agent), your agency, your attorney, and if appropriate, your Gestational Carrier.

LIEN (PROVIDENCE/WELLMARK INSURANCE CARRIERS ONLY) - The quotes provided carry some risk. Please see the attached language from the 2025 benefit booklet. Please note, the right to a lien depends on how the contract is written. As an example, we have included potential contract language from a previous agreement. This contract language was found to be favorable. You will need to address these two documents with your attorney, as these fall under your legal responsibility. Ultimately, it is up to the insurance company as to what language is accepted.

AMBIGUOUS - The quote provided is based on your Gestational Carrier's specific information. The quotes provided carry some risk due to language ambiguity. The ambiguous language is found in the Evidence of Coverage. Please see the attachment in the quote for your review.
